DISCONTINUED

GEMSTAR™ AMBULATORY INFUSION PUMP

SITUATION

Effective immediately the GemStar™ Ambulatory Infusion Pump is discontinued. Unexpected problems have occurred during our first week's experience with the newly introduced GemStar™.

RECOMMENDED ACTION

- Do not use the GemStar™ pump or accessories.
- Use the Abbott Aim Plus™ Ambulatory Infusion pump and accessories.
- Order Abbott Aim Plus™ Pump and Accessories through the Visual Supply Catalog.*
- Place all GemStar™ pumps, equipment and unopened GemStar™ tubing into the soiled utility room. CHS will collect product during routine rounds.
- Enter ORS immediately if you have knowledge of GemStar™ issues that you have not entered into the ORS.

*The Abbott Aim Plus Pump and Accessories are available through the Visual Supply Catalog (with the exception of two specialty tubings with restricted release to Pharmacy and Surgery).

Questions: E-mail or call Barbara Fahey, Teresa Peduzzi, Jerry Taylor.
